

Lake Minear Cardboard Boat Regatta

8/11/18, 12pm (rain date 8/12)

Construction:

Boats must be made from ONLY cardboard and duct tape.

No sealants or water-proofing sprays should be used on boats.

We ask that you do not use paint on your boat, but instead use colored duct tape to decorate. This helps keep our lake clean!

Boats can be propelled with hands, oars, or paddles. If a team does not have oars or paddles and chooses to make them, these do not need to be made out of cardboard and duct tape.

Race Day:

Please arrive between 11:15 and 11:45 to check in on race day.

Boats will be inspected prior to racing.

In order to participate, a parent/guardian for each team member must sign a waiver.

Entry fee of \$10/team for members and \$20/team for non-members must be paid at check-in on race day.

All participants must wear a life jacket while racing. You may bring your own, or the beach will provide you with one.

Races will take place in heats, by division in the following order: Youth 1 (5-9), Youth 2 (10-14), Family (at least 1 parent and 1 child). Boats can be entered in multiple races within one family.

Team Prizes will be awarded in each division and for the most creative design.
